

Anderson Creek Academy Charter School (ACACS)

PEANUT FREE SCHOOL POLICY

The Anderson Creek Academy Charter School is a peanut-free school. This decision was made in part because an allergy to “peanut” can be life-threatening not only with ingestion of the peanut protein but also via airborne transmission or skin contact with the peanut protein. The Anderson Creek Academy Charter School greatly appreciates your adherence to the following guidelines to ensure the safety of all those with an allergy to the peanut protein.

- Please avoid bringing foods, lotions, craft items, plush toys, or other toys (i.e. bean bags) into the school that:
 - a. Contain “peanuts”
 - b. May contain “peanuts”
 - c. Were “made in a factory that uses peanut/nut ingredients”
 - d. Were “manufactured in a facility that also processes peanuts”
